

IIW Intermediate meeting Göteborg 10th October 2005, documents

- **A+D Cracking in Fully Austenitic Stainless Steel + Ni-base Weldments**
Welding and deposition of nickel superalloys 718, Waspaloy and single crystal alloy CMSX-10, by A Gregori and D Bertoso (IX-H-623-05)
- **C Welding of Ferritic/Austenitic Steels**
Covered electrode welding of austenitic-ferrite (duplex) steels by Mazel, Mikheeva, Polishchuk, and Zinoviev (IX-H-620-05)
- **E Welding of Creep Resisting Steels**
Report on activities related to "Welding of Creep Resisting Steels"
by S Mandziej (presentation postponed) (IX-H-618-05)

Sub-Commission IX-H "Welding of Stainless Steels and Nickel Alloys"

5

IIW Intermediate meeting Göteborg 10th October 2005

- **G Welding of Dissimilar Materials**
Contribution to repair welding of dissimilar joints between duplex and low alloy steel, by P. Bernasovsky. (IX-H-625-05)
- **H Welding of Fully Austenitic stainless Steels**
Controlling Segregation in Nickel-Base Weld Metals by Balanced Alloying, by M. Thuvander, B. Munir and L. Karlsson (IX-H-624-05)
- **J Effects of Residual and Micro-alloying elements**
No documents.
- **K Guidance on Specification of Ferrite in Weld Metal**
No documents.

Sub-Commission IX-H "Welding of Stainless Steels and Nickel Alloys"

6

IIW Intermediate meeting Göteborg 10th October 2005

- **M Corrosion of Welds in Stainless Steel and Nickel Alloys**

‘Corrosion Testing of Welds – Final Draft Review Document.’ by C-O
Pettersson and T. Kannengeisser. (IX-H-619-05)

- **N Welding 13Cr Ferritic and Martensitic Steels**

Sensitisation of two 11-12% chromium type EN 1.4003 ferritic stainless steels
during continuous cooling after welding, by M. L. Greeff and M. du Toit
(IX-H-622-05)

- **General Item**

“Stainless steels and welding fume.” D Jordan (IX-H-621-05)
